# HAPPY TAILS

*forever in love*

## LUKE'S SECOND CHANCE...

*His life changed in a matter of minutes...*

On June 8th, a 5-month-old Pitbull puppy made his way to the Washington Area Humane Society with a Good Samaritan who found him injured on the side of a busy road. Not only was it apparent to our medical team that Luke's leg was badly broken, but he also tested positive – and showed symptoms – for Parvo.

Our team transferred Luke to an emergency vet where he stayed the night to receive around-the-clock care and fluids. He was brought back to the WAHS the next day and was treated for Parvo for two weeks and placed on pain medicine for his leg. Luke tested negative for Parvo on June 19th and received surgery for his shattered femur bone. Unfortunately, his leg was broken too badly and the decision to amputate was made.

*Adopted in August*

## FINLEY'S FOREVER FAMILY

*Rescued and loved...*

Finley was brought to the WAHS by our Humane Society Police Officer in January of 2022 after being found abandoned in a home with two other cats. She was very fearful and reactive to everyone, hissing and swatting at anyone who approached her.

Our team began working on a behavior plan to modify Finley's behavior. It took months of slow interactions for Finley to stop being aggressive towards people but then she became protective of her condo. We made the decision to allow Finley to live in our Cat Supervisor's office and have free roam of the cat adoption floor. Finley started to welcome attention and her demeanor changed.

*Adopted in July*

# ADOPT A PET

*save a life*

## YOUR NEW BEST FRIEND IS WAITING...

Every pet adopted from the Washington Area Humane Society are spayed or neutered, microchipped, up to date on vaccinations, and licensed. Our adoptable pets are also sent home with a starter kit of toys, treats, and food!

### *Adoption requirements*

- A completed and approved adoption application
- A landlord approval letter if you rent your home
- Vaccination records for your current pets
- A valid I.D.

### *How long does it take to adopt a pet?*

Our team strives to review and approve submitted applications within 2 business days. Once approved, a meet and greet will be scheduled with you to meet the pet or pets you are interested in. Typically, the entire process takes 4-5 days.

### *What if I have other pets?*

If you have a dog(s) at home and are interested in adopting a dog, we will require your pet to come in for a meet and greet to ensure they get along. We do not require meet and greets with cats or any other pets.

### *What if I am not sure what type of pet to adopt?*

Let our team find the perfect match for you! After submitting an adoption application and being approved, our team will chat with you about the kind of pet you are looking for and then match you with one of our adoptable pets.

*Jenny 1 yr Female*

*Tofu 2 yrs Female*

*Violet 2 yrs Female*

*Pamela 1 yr- Female*

*Nugget 7 yrs- Male*

*Chance 9 yrs- Male*

Dear Friends,

Summer is ending and we are looking forward to fall and our largest event of the year – Woofstock. Please consider attending our annual event to support the abandoned, abused, and neglected animals. Adoptions have been extremely slow this summer. Now more than ever, our adoptable pets need your help. Consider giving one of these sweet animals a forever home. Can't adopt? No worries. You can volunteer at the shelter or donate today to support the 2,500 pets we care for each year at the Washington Area Humane Society.

Sincerely, Kelly Proudfit, Executive Director

# LOTTERY Calendar

Washington Area Humane Society's 2024 Lottery Calendars are now on sale! Purchase in person at the shelter during our business hours or online at [washingtonpashelter.org/calendar](http://washingtonpashelter.org/calendar)

**\$30**

## THANK YOU Generous Sponsors

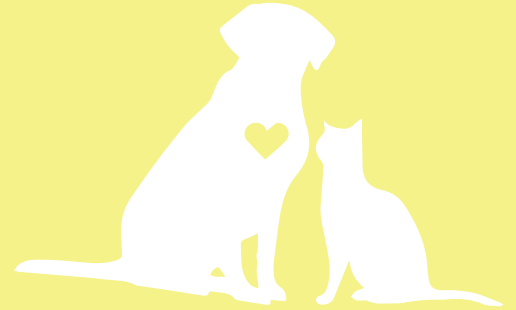

## DONOR SPOTLIGHT

The Washington Area Humane Society is thrilled to announce that CentiMark Corporation has donated towards the naming rights of the shelter. CentiMark's 3-year building naming right donation will go directly to caring for the abandoned, abused, and neglected animals in Washington County. CentiMark's long-standing contributions to the WAHS through various initiatives demonstrate their commitment to the welfare of our county's most vulnerable pets.
