

The 1906 Society is a community of dedicated supporters who believe every animal deserves a second chance no matter the circumstance. Because of members like you, the Washington Area Humane Society (WAHS) provides lifesaving care to nearly 6,000 pets each year through intakes, adoptions, foster placements, humane investigations, a community pet food bank, spay and neuter services, low-cost vaccination clinics, supportive veterinary care, and education and outreach.

Your annual membership provides reliable, **year-round** support that allows the WAHS to respond immediately when the most vulnerable pets need help.
